## MERMAID SEA BEACH

**NafeeTA** ★★★★

The resort has an open beachfront restaurant, which is open to non-resort guests as well. The restaurant has great food and shakes and the ambiance is off the charts

**Rinat Haque** ★★★

Definitely one of my favorite resorts to visit. I love how private and separated this place is from rest of the crowded areas. Mermaid Beach resort has its own charm and it's worth it if there is a good offer. Food is average and very expensive tho.

**ismail haque ghani** ★★★★☆

We had a wonderful stay and most importantly their food was delicious, world class. We couldn't have asked more. The walkway and beach area had touch of elegance and it was clean and environment friendly.
